# VOLUNTEER OF THE MONTH - DJ YEENA DAVIS

DJ Yeena Davis is the host of Sacred Nano airing every Monday from 9:00 PM to 10:00PM. Join host DJ Yeena Davis as they dive into their Sacred Nano – a mystical music playing device full of rock, progressive metal, and a little bit of synth and shoegaze in between!

You can also hear DJ Yeena Davis in many of the announcements on KLKT.

## Five Questions with DJ Yeena Davis

### ***What do you like best about volunteering at KLKT?***

I loved learning how the station works and then using that knowledge to share the music I love with the community!

### ***How would you describe your program to someone who has never listened to it?***

I tend to play progressive rock and metal, but often slip into shoegaze, post-rock, synth, and even video game and movie soundtracks!

### ***What is your favorite KLKT program?***

Paarl's Bad Cavern; drum & bass and EDM are some of my FAVORITE genres, and I'm always surprised and inspired by what Paarl digs up from the caverns of the internet.

DJ YEENA DAVIS IN THEIR NATURAL HABITAT

### ***Can you share your favorite music or radio specific memory?***

While it's not a specific memory, it's any time I'm listening to a song and realize, oh wait, so-and-so sampled this!! Or any time I hear a sample, and I go down a bunch of rabbit holes trying to find out why it sounds so familiar to me.

### ***Anything else you would like to share?***

Music means so much to me, from when I'm zoning out making animated music videos in my head with my characters, to crying in my car because that one part of that one song sounds just right. Being a part of a community of like-minded music enthusiasts makes my heart happy~!
